

MOBILE BAY PSYCHIATRIC SOCIETY

Felix Fish Camp

(1530 Battleship Pkwy, Spanish Fort, AL 36527)

June 22, 2017

6:30 p.m. - 8:30 p.m.

SPEAKER 7:30 p.m. - 8:30 p.m.

Ronald Franks, MD, DLFAPA

Professor, Acting Chair, Department of Psychiatry, USA College of Medicine

Topic: "Hijacking the Brain, Understanding Addiction"

Hear Ye, Hear Ye. Come and join us on June 22nd to celebrate because the MBPS will be meeting regularly again! Bogan Brooks at Altapointe and I contacted many of you, and found there was plenty of interest among the community's psychiatrists to get the MBPS meetings going again. We will serve as co-Presidents *protem* until the next election of a President - due February 2018. We will start with a meeting on the Causeway, and then can rotate meetings between Mobile and Baldwin counties. We will have a private room at Felix's and will each pay for our own dinner. So please come and get familiarized and re-acquainted.

Dr. Ronald Franks agreed to be our first speaker, and there will be CME credit available through USA College of Medicine.

Mobile Bay Psychiatric Society is a designated Chapter of the Alabama District Branch of the APA ---the Alabama Psychiatric Physicians Association (APPA). There are also Chapters in Birmingham, Tuscaloosa and Montgomery.

Please RSVP to William Bogan Brooks MD at wbrooks@altapointe.org OR to Hal Veits, MD at hveits@gmail.com
